Final Exams for weekend courses will be held at the regular class period on the last day of class. Classes that fall outside of the established Final Exam Schedule will meet at their regular scheduled times.

No classes meet regularly the week of finals, except for Monday only classes. During the preceding week, regular classes will be held but no exam totaling more than 10% of the student's grade may be given with the exception of laboratories. If a student has three (3) or more exams on any day, the instructor must give the student the option of taking the exam during one of the make-up periods.

For futher information on final exam week, please contact any of the Department Chairs, Deans, or the Office of the Vice President for Academic Affairs.
